

T-Base products are hand made musical instruments, handmade in Italy (Milan). Woods selected and seasoned from 10 to 15 years in a natural way (purchased from Italian suppliers), electronics and pickups are made in Italy and produced according to our specifications, attention to detail and customer care from the beginning to after sale.

Our electric basses are divided into three main lines, Classic, Groove Dimension and Groove Dimension NTB.

The specifications common to all our products are:

- Double Action Truss rod
- Graphite reinforcement bars
- Tusq nut (if not different specified)
- Pickups PKV Custom T-Base, handmade in Italy
- Fretboard fretted or fretless (lined or blind) at the same price
- Woods selected and seasoned from 10 to 15 years in a natural way (guaranteed by our suppliers)
- Sansone or Dogal (handmade in Italy) strings
- Quartersawn Necks (until stocks last)

The following characteristics - for which the estimate will be personalized - are excluded from this price list:

- Custom products i.e. special shapes / woods / hardware
- Fanned fretboards
- Compound radius
- special frets number or strings number (6, 7 or above)
- Tops of particular woods
- Custom laser engraving

The prices shown to the public are inclusive of italian VAT (if applicable).

Each instrument will be accompanied by a certificate of originality, with the characteristics of the instrument, the production date (month / year) and the serial number which is laser-engraved also on the heel of the neck and in the pocket of the body (this to certify also the coherence of construction between the two pieces).

It is specified that some features may change without notice.
